Jun 23, 2020

**PRANAV KUMAR**

has successfully completed the online Specialization

# Excel to MySQL: Analytic Techniques for Business

Formulate data questions, explore and visualize large datasets, and inform strategic decisions. In this Specialization, you'll learn to frame business challenges as data questions. You'll use powerful tools and methods such as Excel, Tableau, and MySQL to analyze data, create forecasts and models, design visualizations, and communicate your insights. In the final Capstone Project, you'll apply your skills to explore and justify improvements to a real-world business process.

  

Daniel Egger, Executive  
in Residence and  
Director, Center for  
Quantitative Modeling,  
Pratt School of  
Engineering  
Jana Schach, Assistant  
Research Professor,  
Social Science Research  
Institute
